**Booking rider places**

Last year I found that there were more people who wanted to ride than there were places available. To try to make the allocation of riding places as fair as possible I will take the names of people who would like to ride by **30/4/06** and then draw the names out of a hat on that date. If you would like to ride please send this form to me by that date and only ask for a place if you are 100% serious about taking it up and have the funds to pay for it. A £100 deposit will be required as soon as you find out that you have a place and the balance 3 weeks before the clinic.
